- Remove unpleasant odors
- Quick Solution for air and surface disinfection
- Safe and easy to use in every application
- Suitable for crowded or poorly ventilated areas

### Specifications:

Model	UV Chamber 2
Types of Lamps / Source	Quartz Glass UVC Germicidal / Atlantic Ultraviolet USA
Lamp Model / UV Output	GPH295T5VH or L x 2 Lamps
Material	Stainless Steel
Unit Dimension	415(L) x 150(W) x 150(H) mm
Coverage	Ozone: Up to 1,800 sq feet Non-Ozone: Up to 600 sq feet

### Application:

### Safety Information:

- 1) Do not attempt to look at or handle the ultraviolet light whilst it is operation. The light can cause harm to the eyes.
- 2) Before servicing the product, always disconnect the power by unplugging it from the power point.
- 3) The ultraviolet fixture is designed for use at normal room temperatures.

### Cleaning The Unit:

- 1) Switch off the unit.
- 2) Wipe the external casing gently with a soft, damp cloth when the unit is **NOT IN OPERATION**.
- 3) Wipe the quartz ultraviolet lamp on a weekly basis subject to heavy dust or bad air quality applications.
- 4) Do not use gasoline, benzene, thinner, etc for cleaning. These volatile substances could damage the surface of the unit.
